

# CC DARE

Climate Change and Development  
Adapting by Reducing Vulnerability

## Purpose and Structure of the Remaining Meetings

Anne Olhoff, UNEP Risoe Centre

# CC DARE

Climate Change and Development  
Adapting by Reducing Vulnerability

## Structure of the Meetings to Follow

- The general information and discussions from this meeting is followed up by more specific discussions on key adaptation and vulnerability concerns related to specific sectors and issues and on how CC DARE could support relevant activities.
- Issues and sectors covered in the meetings:
  - National planning, energy, infrastructure and transport (1-3 pm, 22 April)
  - Health, water and sanitation (9-11 am, 23 April)
  - Agriculture, forestry and capacity building (1-3 pm, 23 April)
- Participation: According to expertise and main interest

Climate Change and Development  
Adapting by Reducing Vulnerability

## Structure...

- Each of the meetings will begin with a short presentation by CC DARE staff to scope the discussions.
- The majority of the meeting time will be allocated for discussions to share ideas and to shape possibilities, identify priorities, etc.
- In addition to these meetings, the CC DARE team is of course available for additional discussions and meetings and consultations on a more bilateral basis.

# CC DARE

Climate Change and Development  
Adapting by Reducing Vulnerability

## Purpose and envisaged outcomes

- Identify key issues and gaps
- Discuss tangible ways of approaching these gaps and issues
- Start scoping potential areas/activities for CC DARE support, i.e.:
  - Sketch ideas for activities/proposals,
  - Provide assistance related to preparation of proposals
- Facilitating information exchange between national agencies and stakeholders
- Clarify and establish linkages to/between relevant ongoing and planned initiatives
